Revision 1: This revision includes examples of how additional minimum interstate household goods shipment coverage is calculated.

This contract covers only those items listed in the price schedule. It is the responsibility of the agency to ensure that other items purchased are invoiced separately. State agencies will place orders directly with the vendor (creating a PG in Finet) and make payments for the same on a PV referencing the original PG. Agencies will return to the vendor any invoice which reflects incorrect pricing.

PRICE AGREEMENT SUMMARY

To use Allied Van Lines transportation services shipments must be booked through Bailey's Moving & Storage at 801-292-1466 or 1-800-874-7155. The fax number is 801-298-4967. The booking agent's responsibilities include: COORDINATION OF SHIPMENTS, PRE-MOVE SURVEY ARRANGEMENTS, WRITTEN ESTIMATES, PURCHASE ORDER PROCESSING, POST MOVE SURVEYS, and they also serve as a resource when information is needed covering all aspects of the household goods move(s).

NOTE: This contract only covers shipments of household goods across state lines and international household goods shipments. This does not cover intrastate (shipments between points within the state of Utah) shipments or local office move shipments.

RATES AND CHARGES-INTERSTATE SHIPMENTS

Rates and charges will be calculated from Tariff STB HGB 400-M and Tariff 104-F effective January 1, 2001. Discount 60%. SIT discount 60% Utah county and points north; 45% Utah county south and nationwide.

RATES AND CHARGES-INTERNATIONAL SHIPMENTS

The price for International moves will be \$450.00 (surface) \$250.00 (air) over the International carriers costs for each move. Call booking agent (Bailey's M/S) prior to shipping to determine optimal pricing.

VALUATION COVERAGE (INSURANCE)

Options in valuation coverage are available from the carrier for interstate and international shipments. Additional declared value may be purchased from the carrier prior to shipment at an additional charge.

INTERSTATE SHIPMENTS

Contract valuation coverage (insurance) for loss, damage or destruction is provided up to \$100,000 at no additional charge. For insurance coverage in excess of \$100,000, or shipments weighing greater than 14,285 lbs., the additional insurance charge will be .85 cents per \$100 of additional coverage. This coverage includes zero deductible and zero depreciation coverage.

The formula for determining the minimum amount of insurance is \$7.00 times the actual weight of the shipment. For example, if a shipment's actual weight is 13,500 lbs. the insurance coverage would be 13,500 lbs x \$7.00 per pound = \$94,500 coverage. This coverage is included at no additional cost as it is less than \$100,000. However, if a shipment has a scale weight of 15,000 pounds the coverage would be 15,000 lbs. x \$7.00 for \$105,000 coverage. \$100,000 coverage is included in the cost of the shipment at no charge. The additional \$5,000 over \$100,000 would be charged at .85 cents per \$100. In this example the additional insurance charge would be \$42.50.

INTERNATIONAL SHIPMENTS

The International carriers liability for loss, damage of destruction to all shipments of household goods while in its custody, or in the custody of an authorized sub-contractor in a foreign country or Alaska or Hawaii, shall be established by the shipper listing and declaring replacement dollar

amount on a valued inventory. Replacement value coverage maybe purchased at a rate of \$20.00 for each thousand dollars of coverage. An automobiles value will be determined to be no higher than the current "Blue Book" pricing of the automobile. (The "Blue Book" is a publication of automobile prices by the National Automobile Dealers Association)

It is very important that High value items be declared to the carrier for both Interstate and International shipments. These items must be documented and appropriate levels of valuation coverage must be made prior to there being tendered to the carrier for transportation.

Agencies and political subdivisions using this Statewide price agreement should ensure Bailey's Moving & Storage is aware they qualify to use the rates and charges. Users of this contract are also encouraged to review billing statements for accuracy, if any errors are identified contact Bailey's M/S for a corrected billing statement. For any questions regarding this contract please contact Dan Reisner, State Freight Manager @ 801-538-3216.
